

CAN'T TAKE IT BACK

Inside the figure, write examples of discrimination that you have heard throughout your life (maybe towards yourself or others). Share one with the class. With each discrimination shared in class, crumple or fold the paper.

ACTIVITY FIVE: CAN'T TAKE IT BACK

Follow-Up Teacher Script:

“Once hurtful language is said, it is out in the world and cannot be taken back. Try to undo all the discrimination that was placed on the figure. Uncrumple the paper and erase all the discriminations you wrote. Can you get the paper back to looking the way it did before?”

Why do you think that you can't just “take back” hurtful language or discrimination?
