

SucSeed Curriculum Outcome Links

New Brunswick

Grade 6

- Science
 - o Focuses on the human senses. Perhaps an opportunity to teach touch, taste, and smell with SucSeed garden?
 - o GCO 1
 - Touch (Tactile), Taste (Gustatory) and Smell (Olfactory)
 - o GCO 2
 - Applied Technology: Ecological systems: economic and environmental challenge of making stuff; what we make; how we make it; how does it fit into a larger system; and life cycle of a product.

- Mathematics
 - o The primary focus of the grade 6 curriculum is the use of calculators and the simplification of fractions. Little overlap with SucSeed objectives.

- Social Studies
 - o Unit 2: Environment and Culture
 - 6.2.1 Compare climate and vegetation in different types of physical regions of the world
